FLAGSTAFF CERTIFICATION OFFICE

Our Northern Arizona educators are important to us, and we want to provide premium customer service to them. Therefore, we have hired two excellent certification staff members for our Flagstaff office. To ensure they have the best training possible, they will need to be housed temporarily at our Phoenix office.

Consequently, **from March 26th through June 1st, our Flagstaff office will be open only on Fridays from 10:00 a.m. to 5:00 p.m.** However, we will continue to serve our Northern Arizona educators by having the Flagstaff phones forwarded to our Phoenix certification office and giving your applications top priority in our processing cycle.

We appreciate your understanding and know that your patience will be rewarded with top-quality customer service.
